"German Syrup"

J. C. Davis, Rector of St. James' Episcopal Church, Buffalo, Ala.
"My son has been badly afflicted with a fearful and threatening cough for several months, and after trying several prescriptions from physicians which failed to relieve him, he has been perfectly restored by the use of two bottles of German Syrup."

An Episcopal school teacher, I can recommend German Syrup as a cough and chest "bustion." Chronic severe, deep-seated coughs like this are as severe tests and threats as any subject to it. It is for these long-standing cases that Roscher's German Syrup is made a specialty. Many others afflicted as this lad was, will do well to make a note of this.

J. F. Arnold, Montevideo, Minn. writes: I always use German Syrup for a Cough on the Lungs. I have never found an equal to it—far less a superior.

EVIL LITERATURE

A Picture of the Land of Egypt With Us To-Day.

How can it be that, in the face of the most powerful and effective of all remedies, the plague of evil literature should still be so prevalent?

The plague of evil literature is a most serious and dangerous one. It is a plague that has been spreading for many years, and it is a plague that is still spreading. It is a plague that is a great danger to the health and happiness of the people. It is a plague that is a great danger to the future of the nation.

How many people there are who regard the coming of winter as a constant state of siege. It seems as if the elements set down outside the walls of health and now and again, led by the north wind and his attendant blasts, broke over the ramparts, spreading colds, pneumonia and death. Who knows when the next storm may come and what its effects upon your constitution may be? The fortifications of health must be made strong. They say for a weak system there's nothing better than the "Discovery," and that the "Female Prescriptions" are the hope of debilitated, feeble women who need a restorative tonic and bracing nerve.

And here's the proof—Try one, don't help you, try the World's Dispensary Medical Association, and you get your money back again.
